Organization Of The Work Of The Therapeutic Department	6
Nursing Post And Its Functional Role	7
The Main Duties Of Medical Sister Of The Main Divisions Of Therapeutic Department	8
Patient-Centered Care	9
Measuring And Recording The Vital Signs	9
Assesment Arterial Pulse	11
Measurement Of Blood Pressure	15
Assessing Respiration	22
Measuring Body Temperature	26
Oxygen Saturation Measuremen	41

CHAPTER 2. INTRADERMAL, SUBCUTANEOUS, INTRAMUSCULAR INJECTIONS 44

Principles Of Injection Technique	44
Handwash and handrub for handhygiene	45
Parenteral Medication Administration	46
Aspirating The Medicine From Ampoules	51
Aspirating The Drug From A Vial	53
Preparation Of The Drug In Powder Form	54
Preparation And Designation Of The Diluting Solution	55
Preparation Of The Skin On A Place Of Injection	58
Intracutaneous (Intradermal) Injection	59

Subcutaneous Injection	64
Intramuscular Injection	74
CHAPTER 3. INTRAVENOUS INJECTION	83

Indications, Contraindications	83
Application Sites	83
Intravenous Injection Technique	85
Tourniquet Application	91
Complications of intravenous injections	91
Infusion	94
Types Of Infusion Solutions	94
Description Of The Parts Of An IV Infusion Set	95
Intravenous Infusion Technique	97
Infusion Complications	102
Peripheral Venous Access Therapy	103
Peripheral Venous Catheter Introduction	104

Electronic Infusion Devices	108
-----------------------------	-----

CHAPTER 4. NURSE DUTIES TO ENSURE OF THE DIAGNOSTIC PROCESS IN DEPARTMENTS OF THERAPEUTIC HOSPITAL (LABORATORY RESEARCHES) 110

Stages Of Biological Material Examination	110
Nursing Methodology	110
Patient Preparation For Collection Of Biological Material	III
Types Of Blood Samples Collected For The Examination	112
Criteria For The Rejection Of The Blood Sample	113
Types Of Blood Collection Tube	113
Vacuum Blood Collection System	115
Blood Collection Using A Close System (Vacuum System)	118
Blood Collection Using An Open System	119
Blood Collection Using With The S-Mohovette	121
Collecting Of Blood For Laboratory Tests	123
Collection Of Capillary Blood For Glucose Testing	124
Capillary Blood Collection	124
Biochemical Blood Tests For Diseases And Examination	127
Collecting A Urine Sample For Laboratory Tests	128
Collecting A Fecal Sample For Laboratory Tests	134
Collecting Sputum Specimen	138

CHAPTER 5. NURSE DUTIES TO ENSURE OF THE DIAGNOSTIC PROCESS IN DEPARTMENTS OF THERAPEUTIC HOSPITAL (INSTRUMENTAL RESEARCHES) 141

Nursing Responsibilities For Fiber-Gastro-Duodenoscopy (Upper Endoscopy)	141
Nursing Responsibilities For Colonoscopy	143
Nursing Responsibilities For Sigmoidoscopy	147
Nursing Responsibilities For Bronchoscopy	148
Nursing Responsibilities For Chest X-Ray (Chest Radiography)	151

Nursing Responsibilities For Holter Monitoring	153
Nursing Responsibilities For Magnetic Resonance Imaging	156
Nursing Responsibilities For Ultrasonography Of The Abdomen	159
